

Instructions

Cut out all cards then assemble into a deck, shuffle then place deck face down.

Take the next 10 minutes to make a collage.

Once time is up, draw a card and follow its instructions.

Use or skip as many cards as you like.

You get to decide when a collage is complete.

When complete, draw a new card and start a new collage.

The collages you make may be bad but that's the point.

Collage with only torn elements.

Cut out 5 shapes.

Make collage out of the pages the shapes were cut out of.

No elements can touch or overlap.

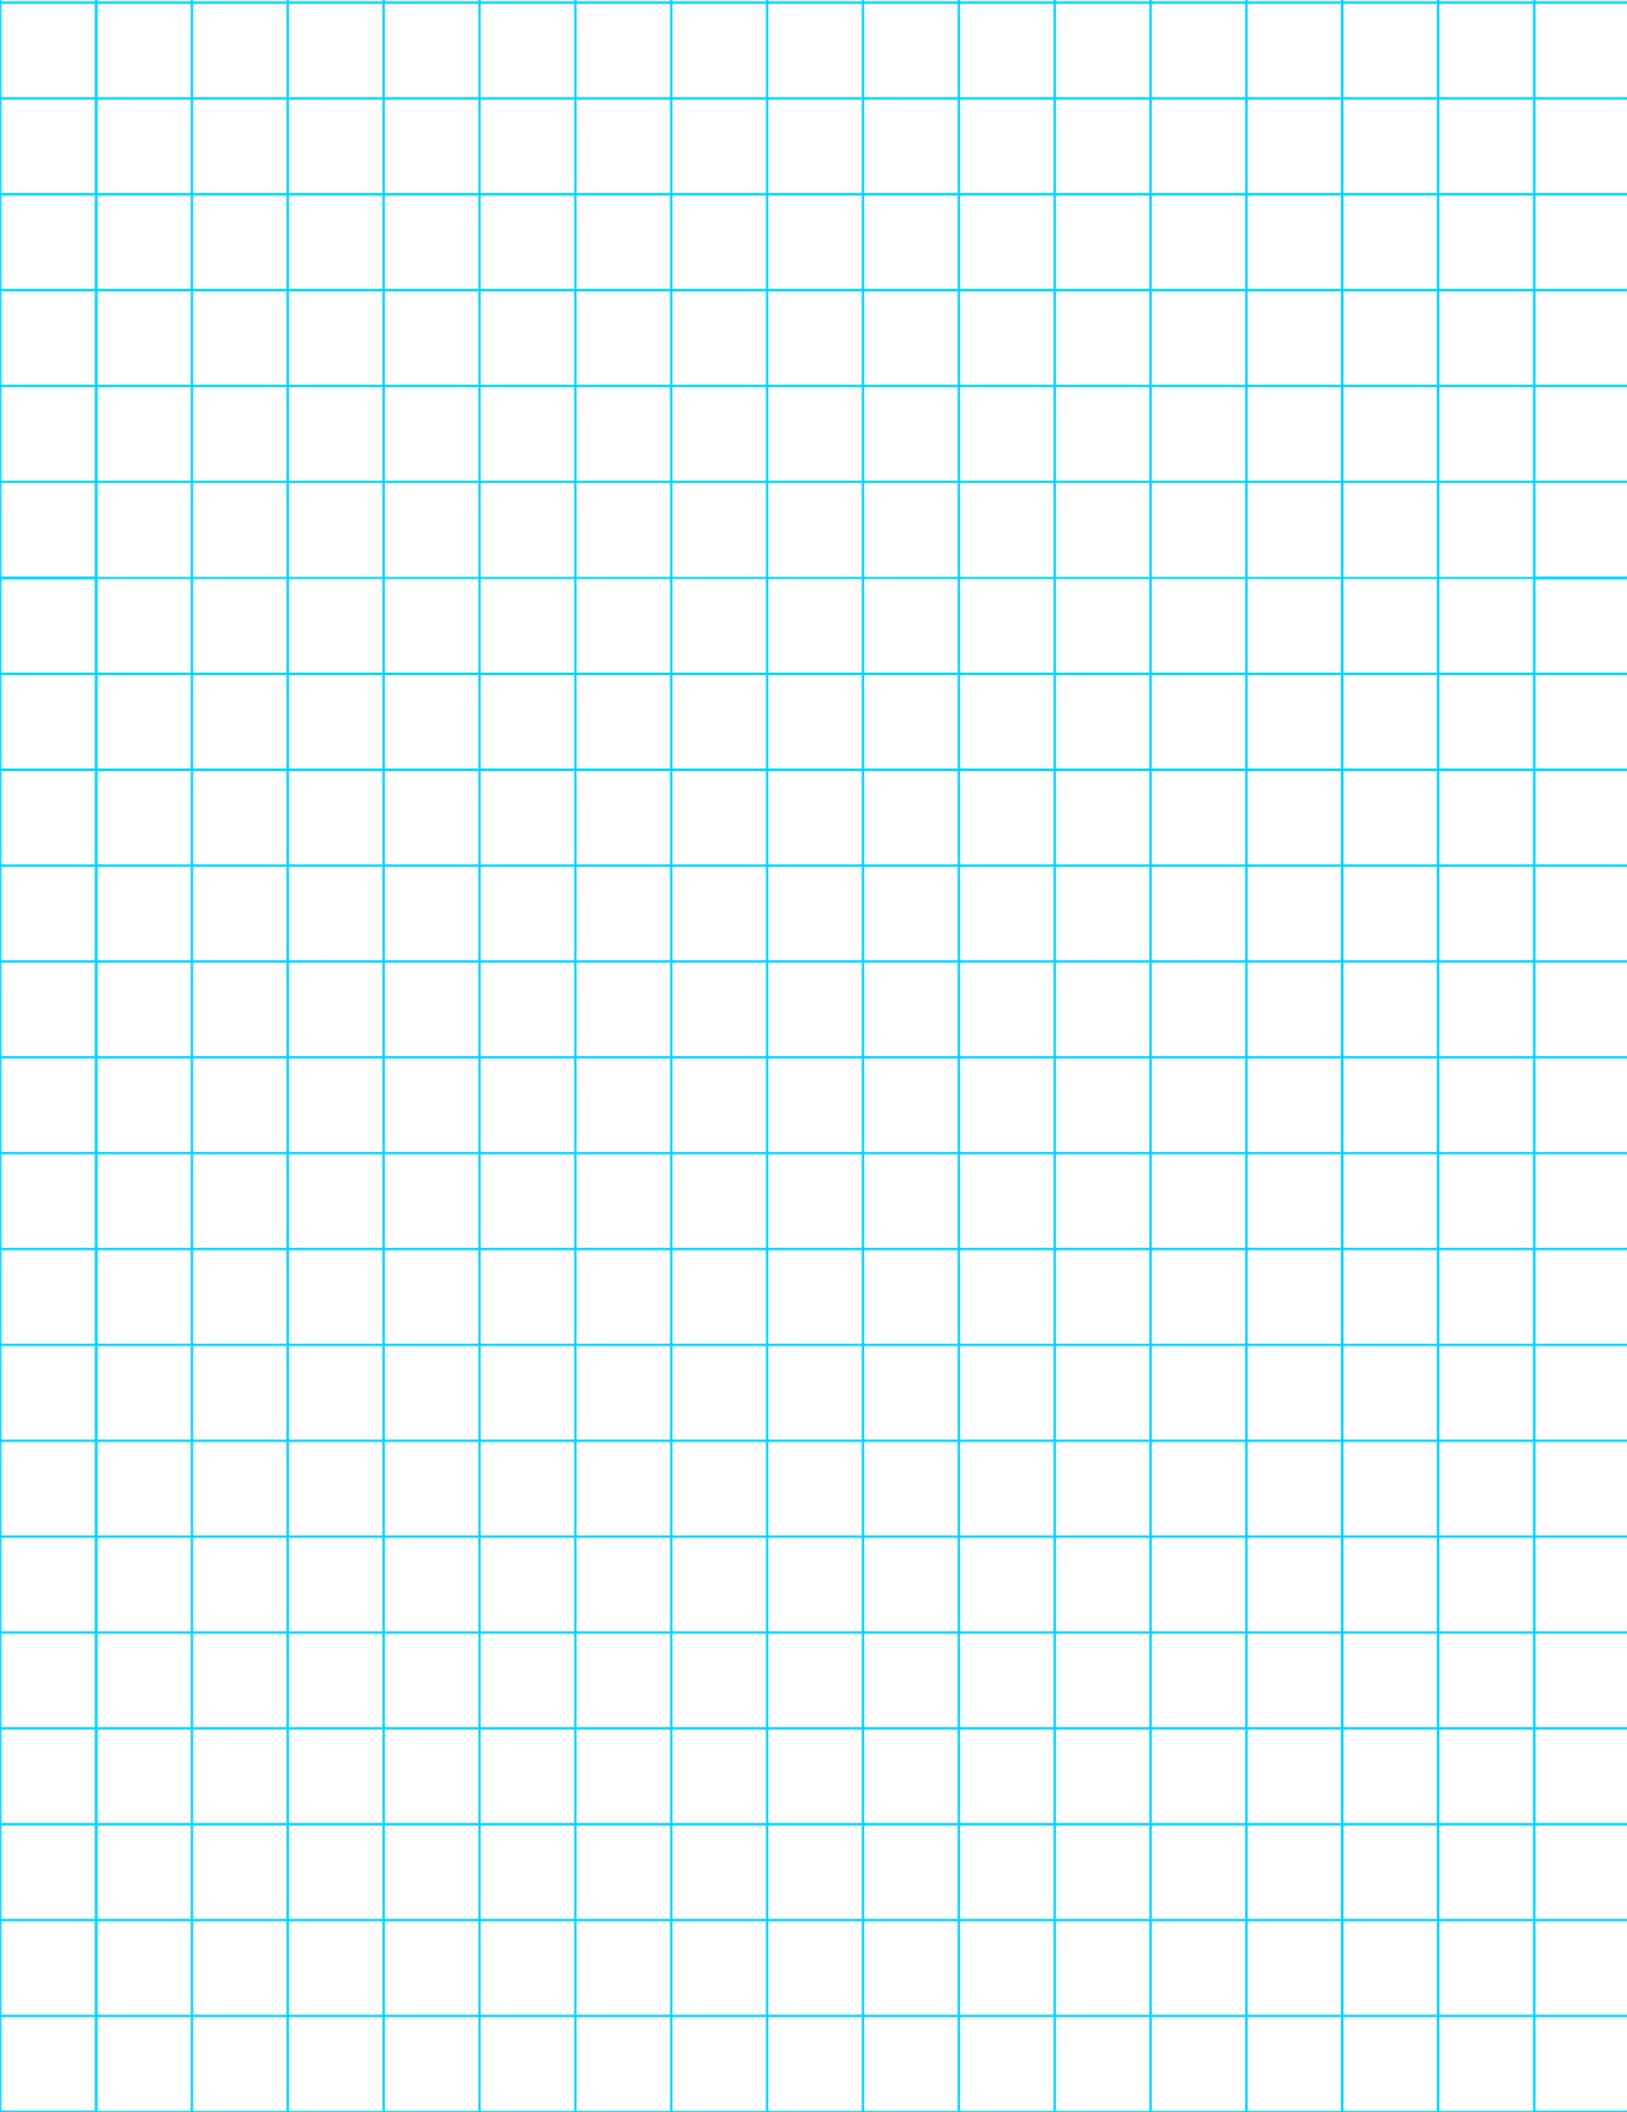

Make the collage full bleed.

Glue next element face down.

Fill your composition with dots.

Make a collage using only paper you have thrown in the trash.

Start a new collage.

Collage without adhesive.

Take a pic of it.

Brush elements off of page.

Drop element from at least 12 inches away from collage.

Glue to composition where it landed.

Collage on a circle.

Collage must contain part of an envelope.

Draw an outline of a shape.

Draw lines on top of a finished collage.

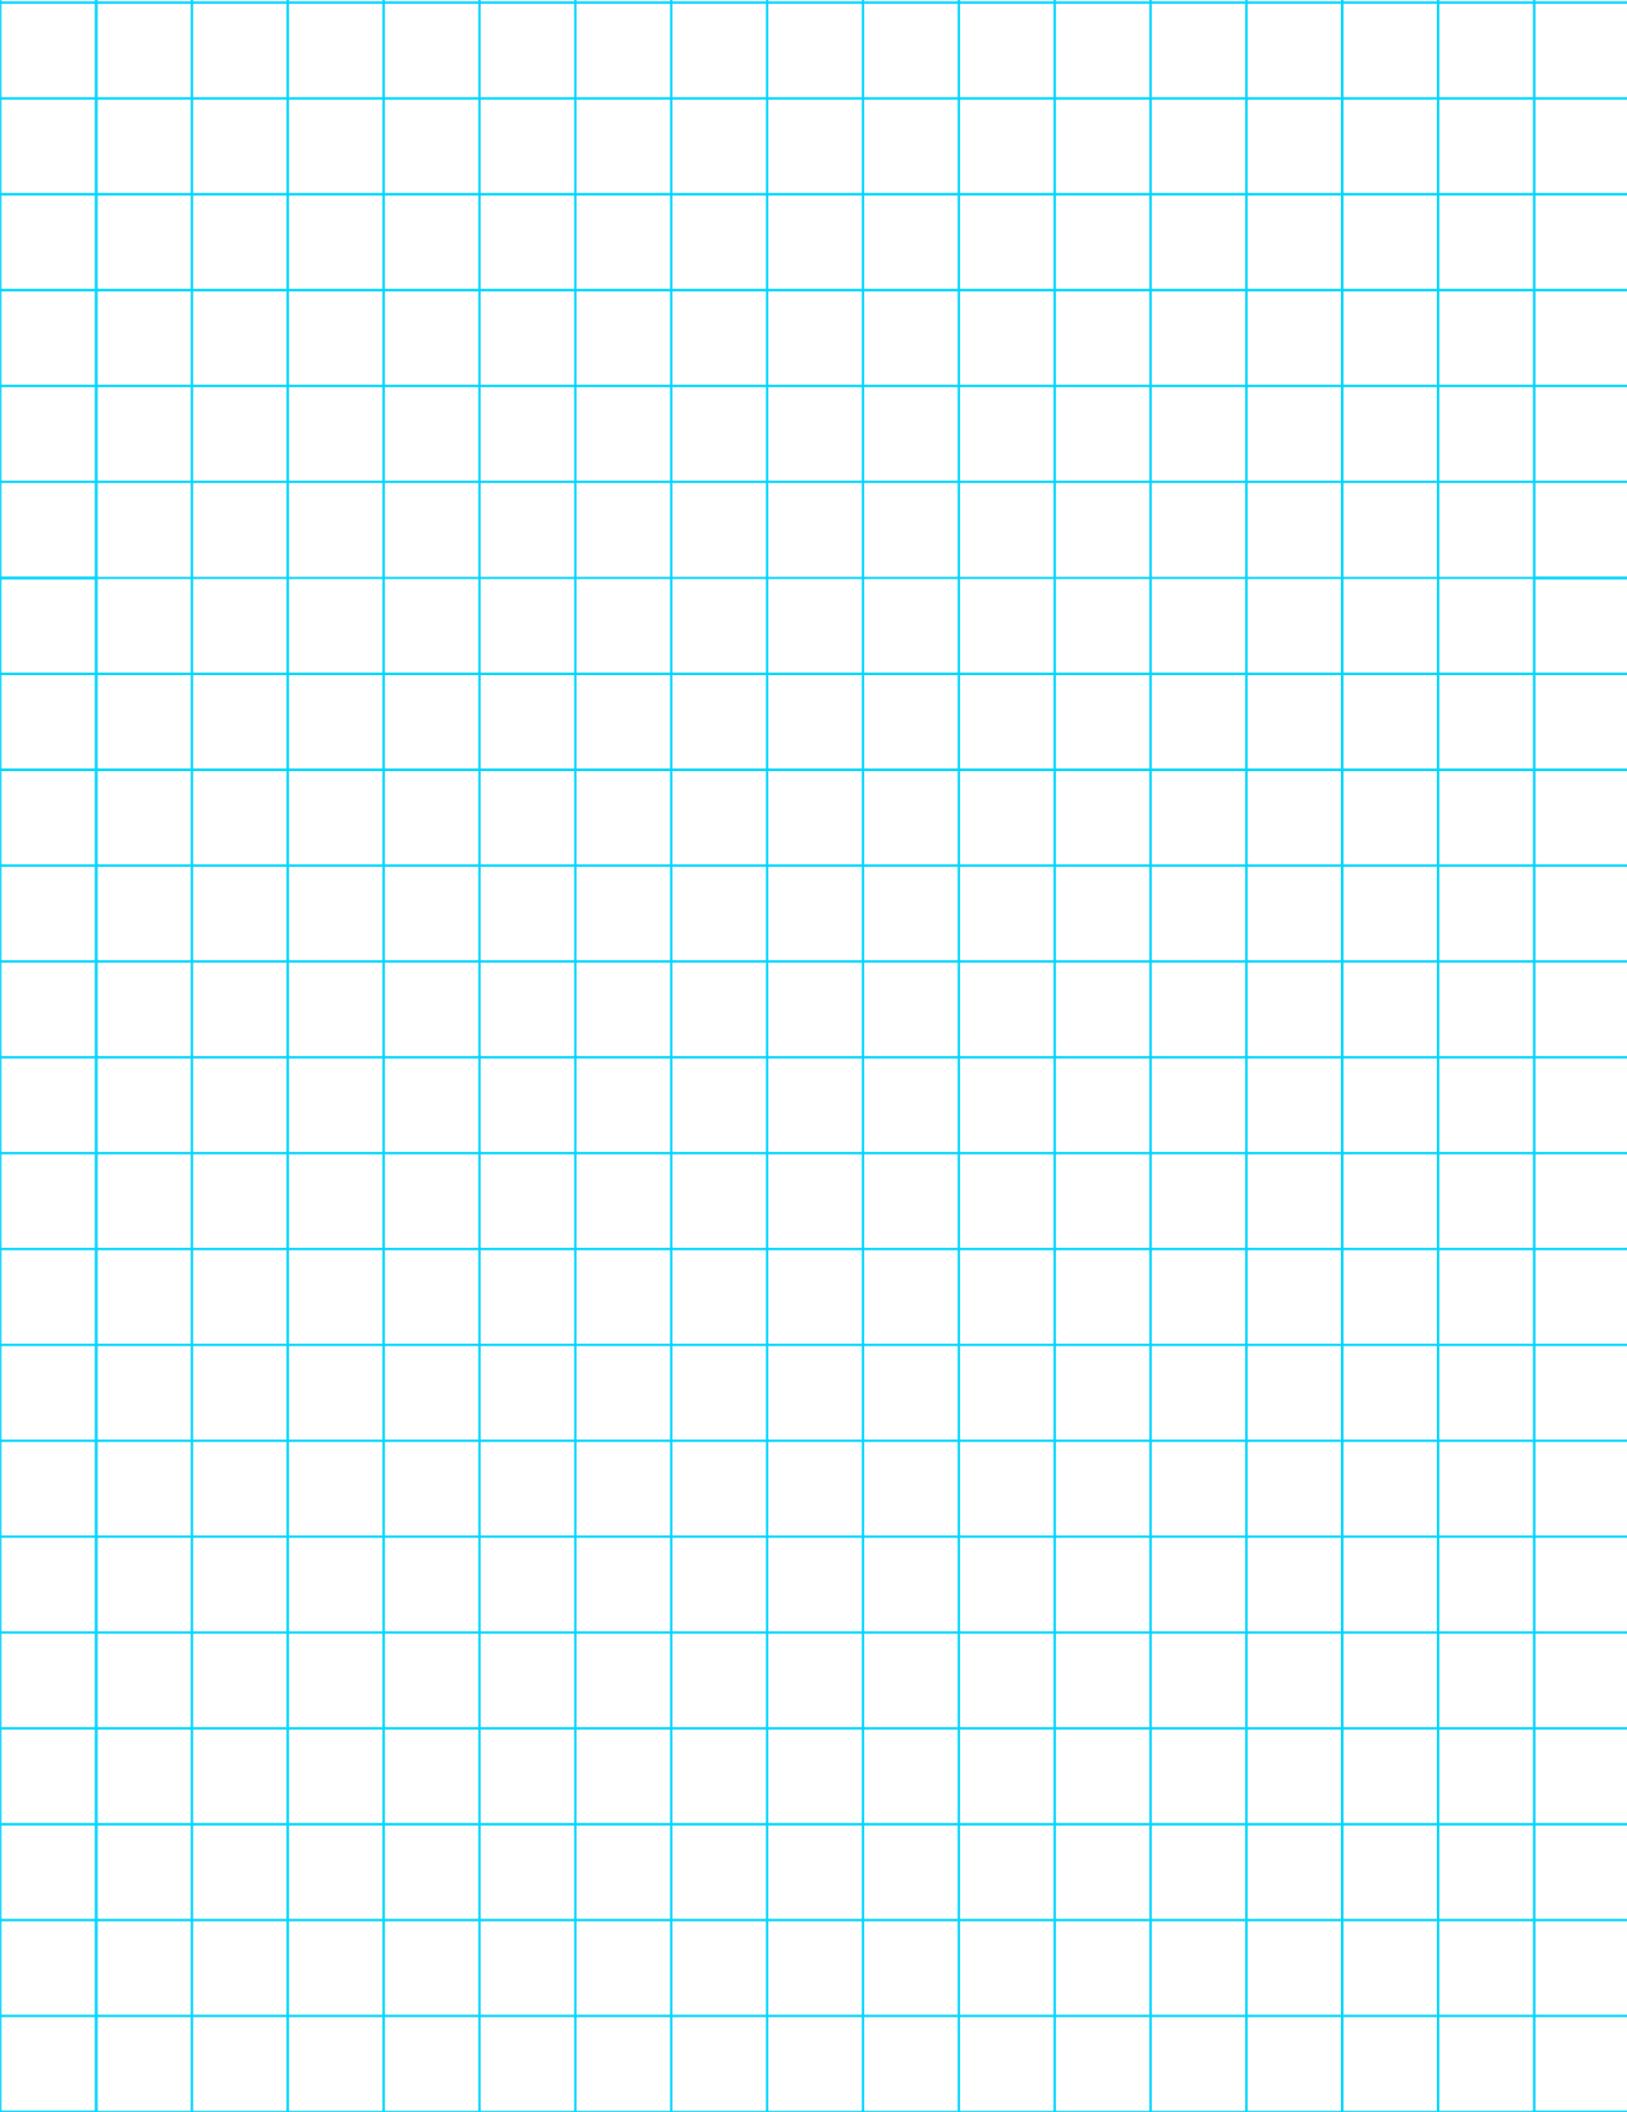

Add previously drawn cards back in deck.

Shuffle deck and draw a new card.

Draw dots on top of a finished collage.

Write a phrase or series of words.

Collage over it.

Glue next element down with your eyes closed.

Only use tape.

Glue element directly to the center.

Glue element anywhere but the center.

Glue element to a corner of your composition.

Make a collage in the landscape orientation.

Rotate orientation 90° every time you add a new element.

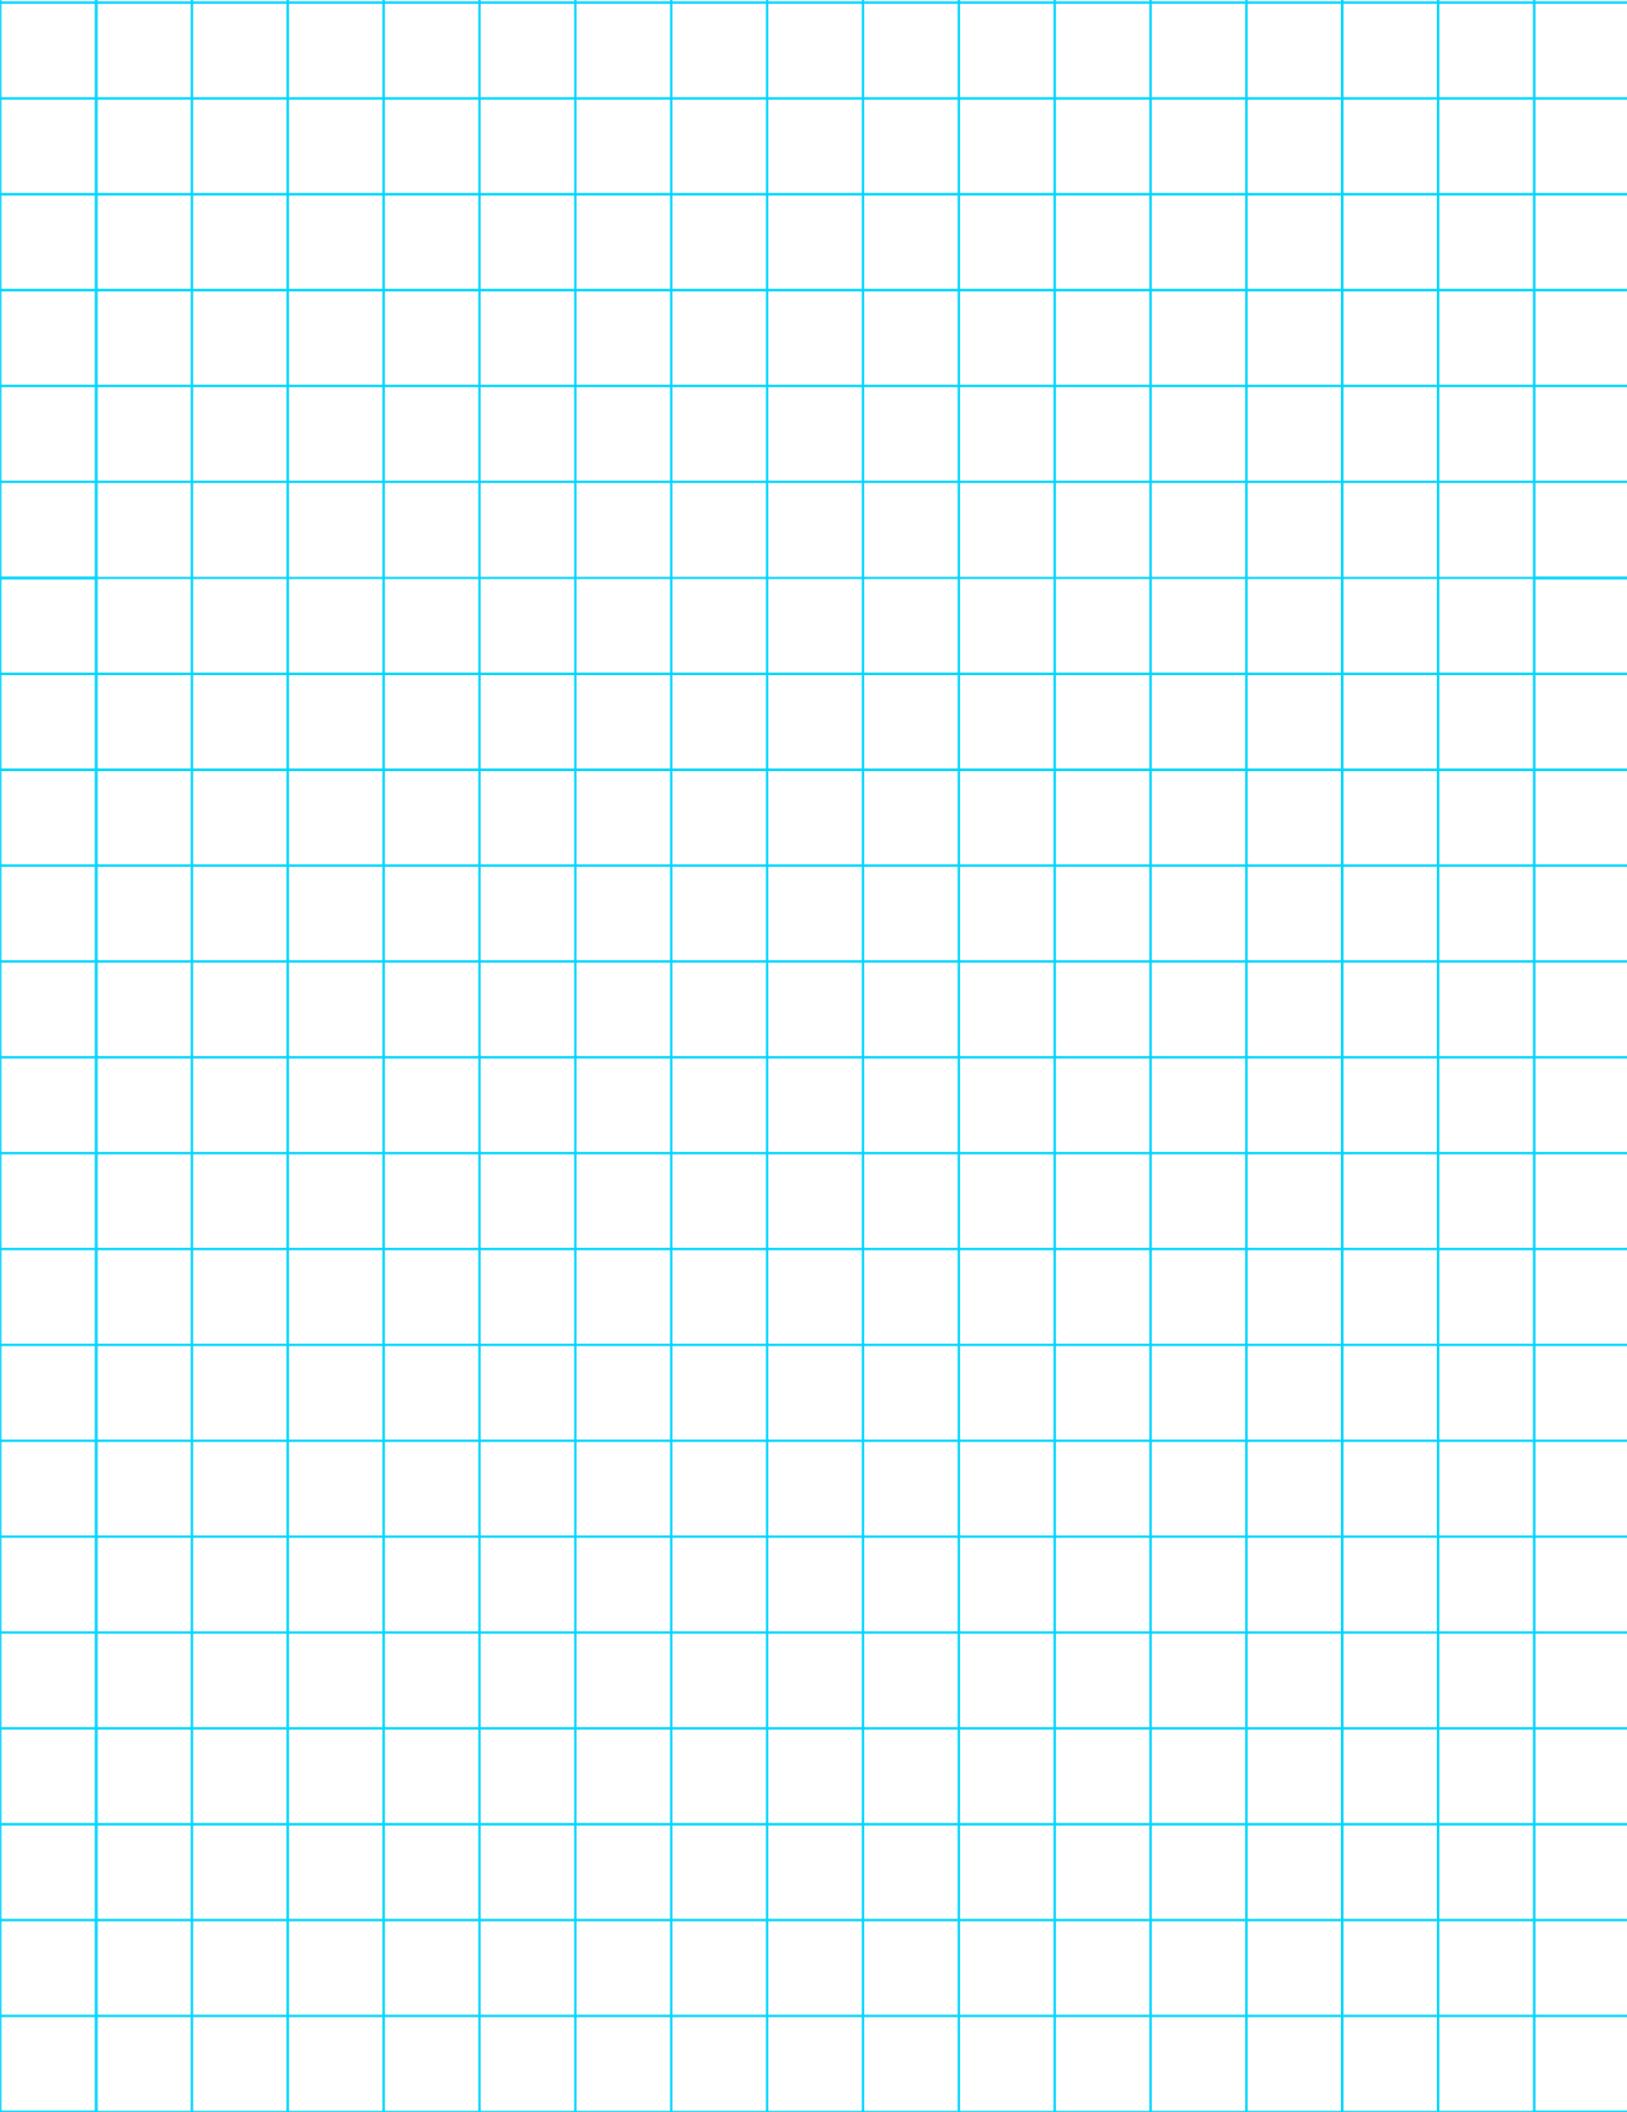

Flip collage.

Glue a shape down.

Repeat until collage is complete.

Start a new one on the back.

Then rotate collage 180°.

Add text.

Add a number.

Add a square.

Add a circle.

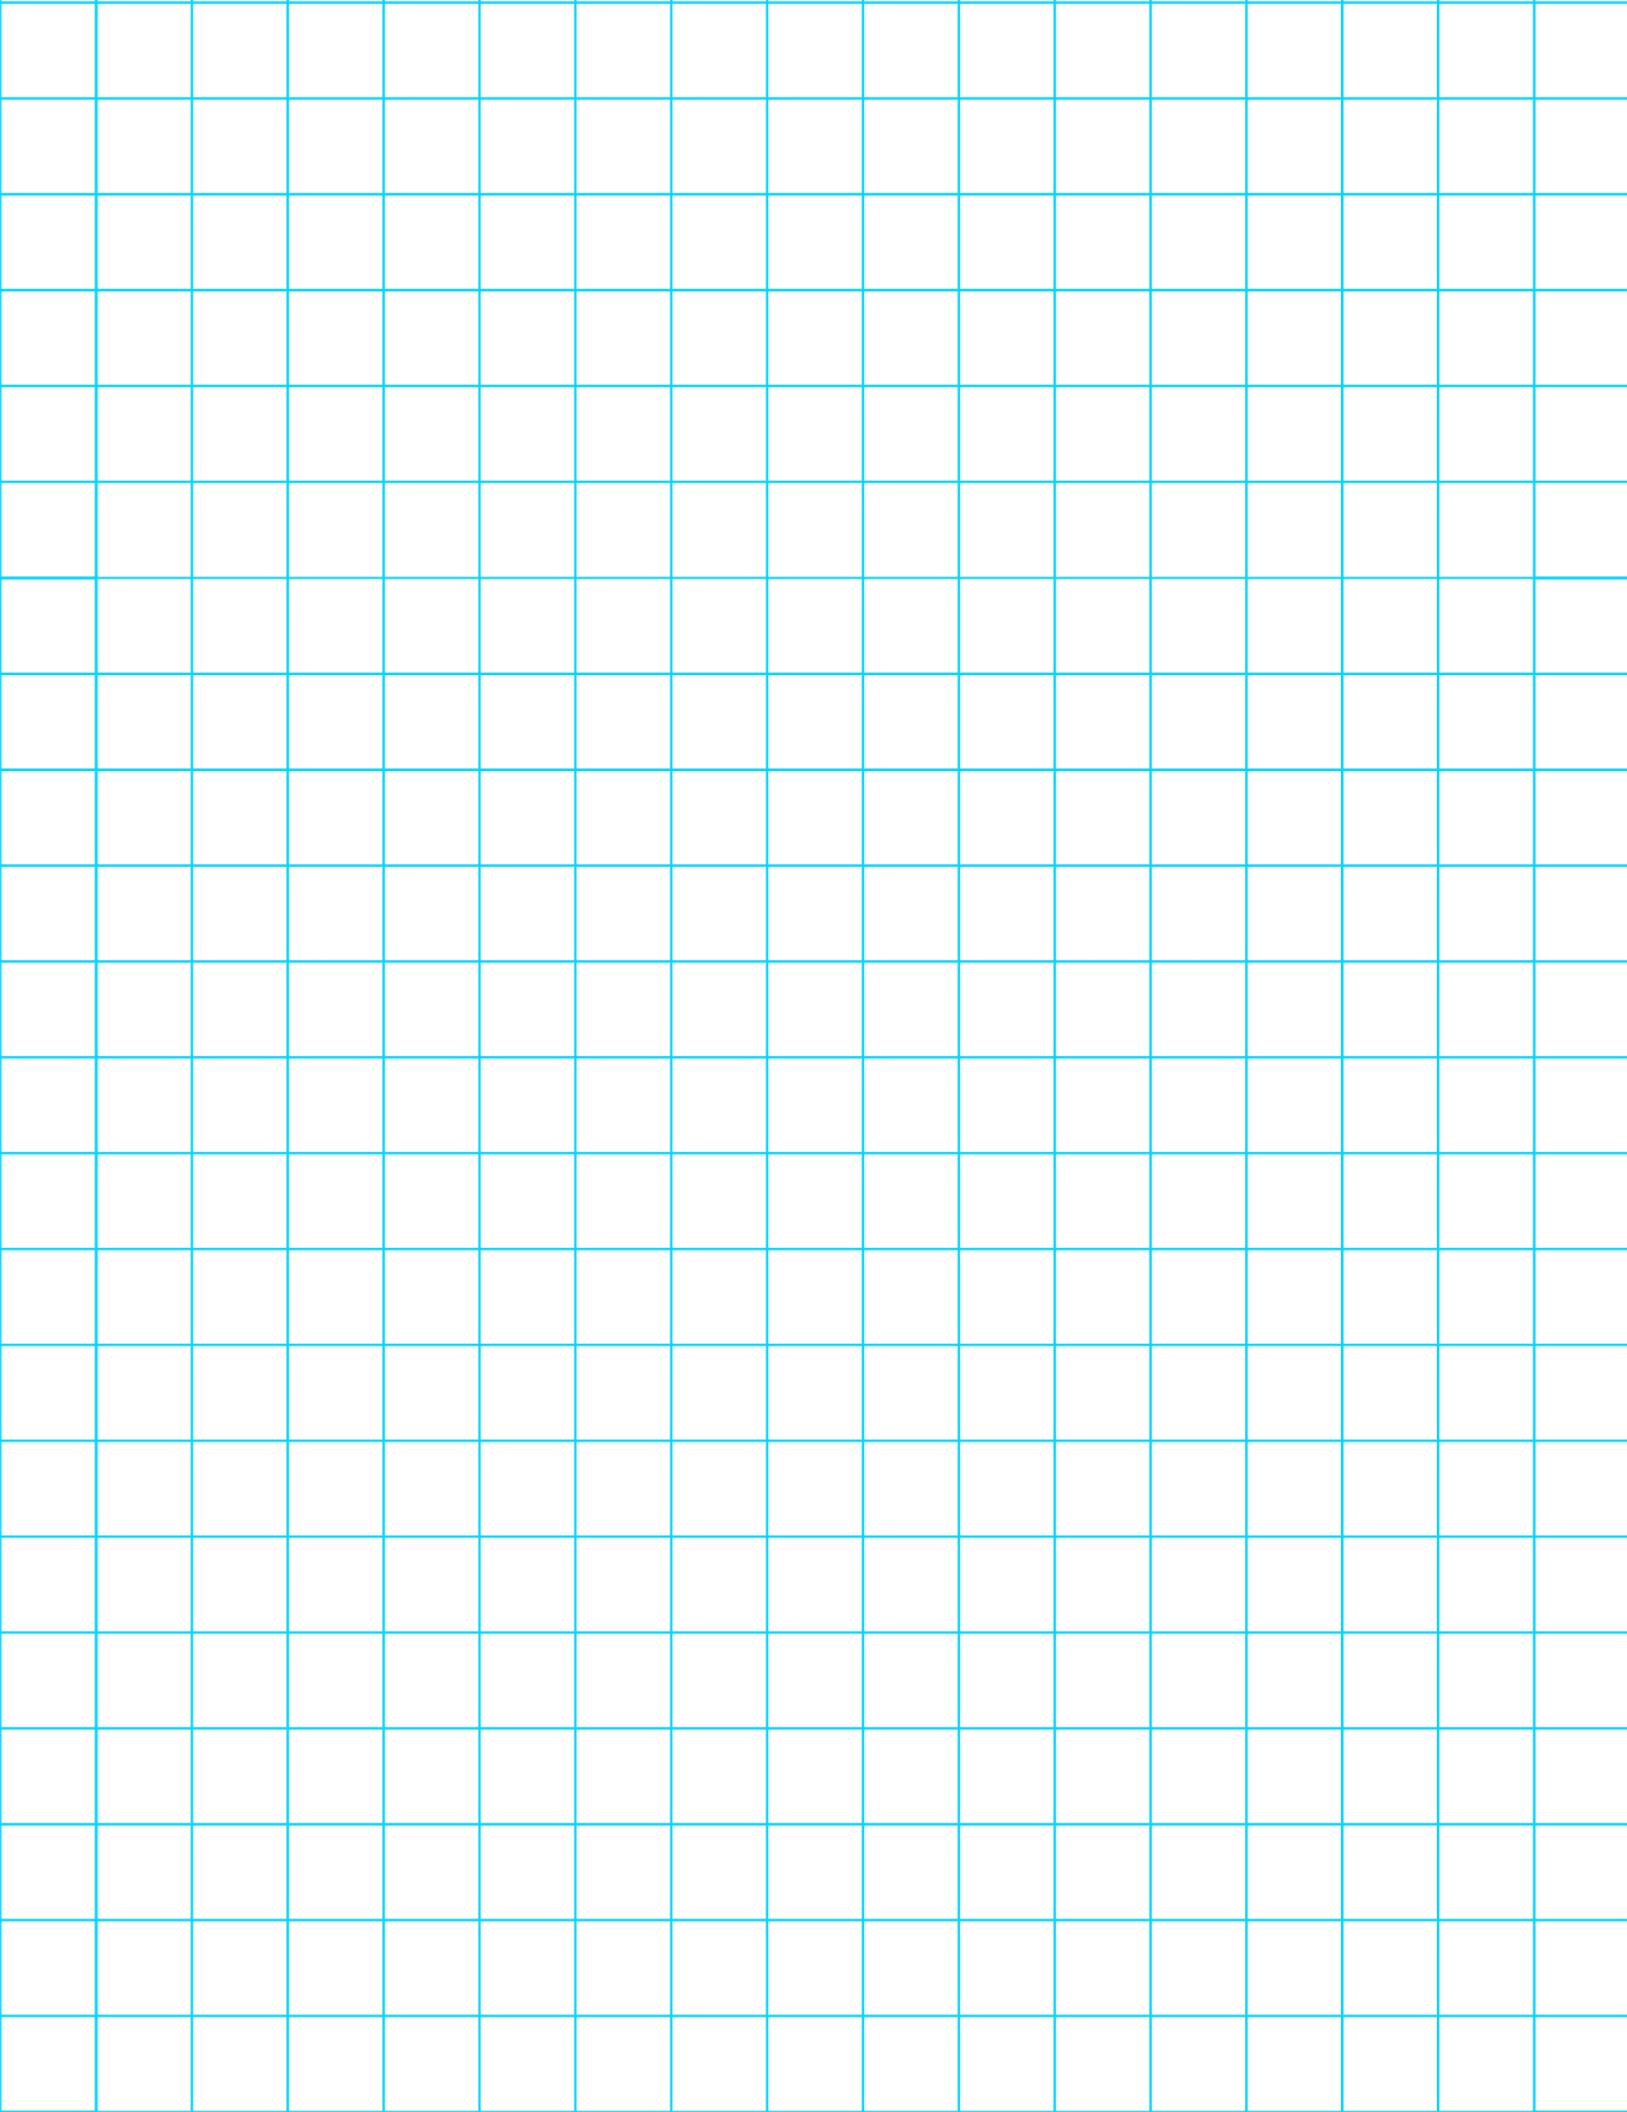

Add a piece
of tape.

Complete a
collage with
only 2 elements.

Complete a
collage with
only 3 elements.

Complete a
collage with
only 5 elements.

Collage must
be completed
in the next 2
minutes.

Collage must
be completed
in the next
5 minutes.

Collage must
be completed
in the next
10 minutes.

Each element
in this collage
must be the
same color.

Add a
black square.

Add a
white circle.

Pick a collage
you have
finished.

Remove an
element.

Use that element
to start new
collage.

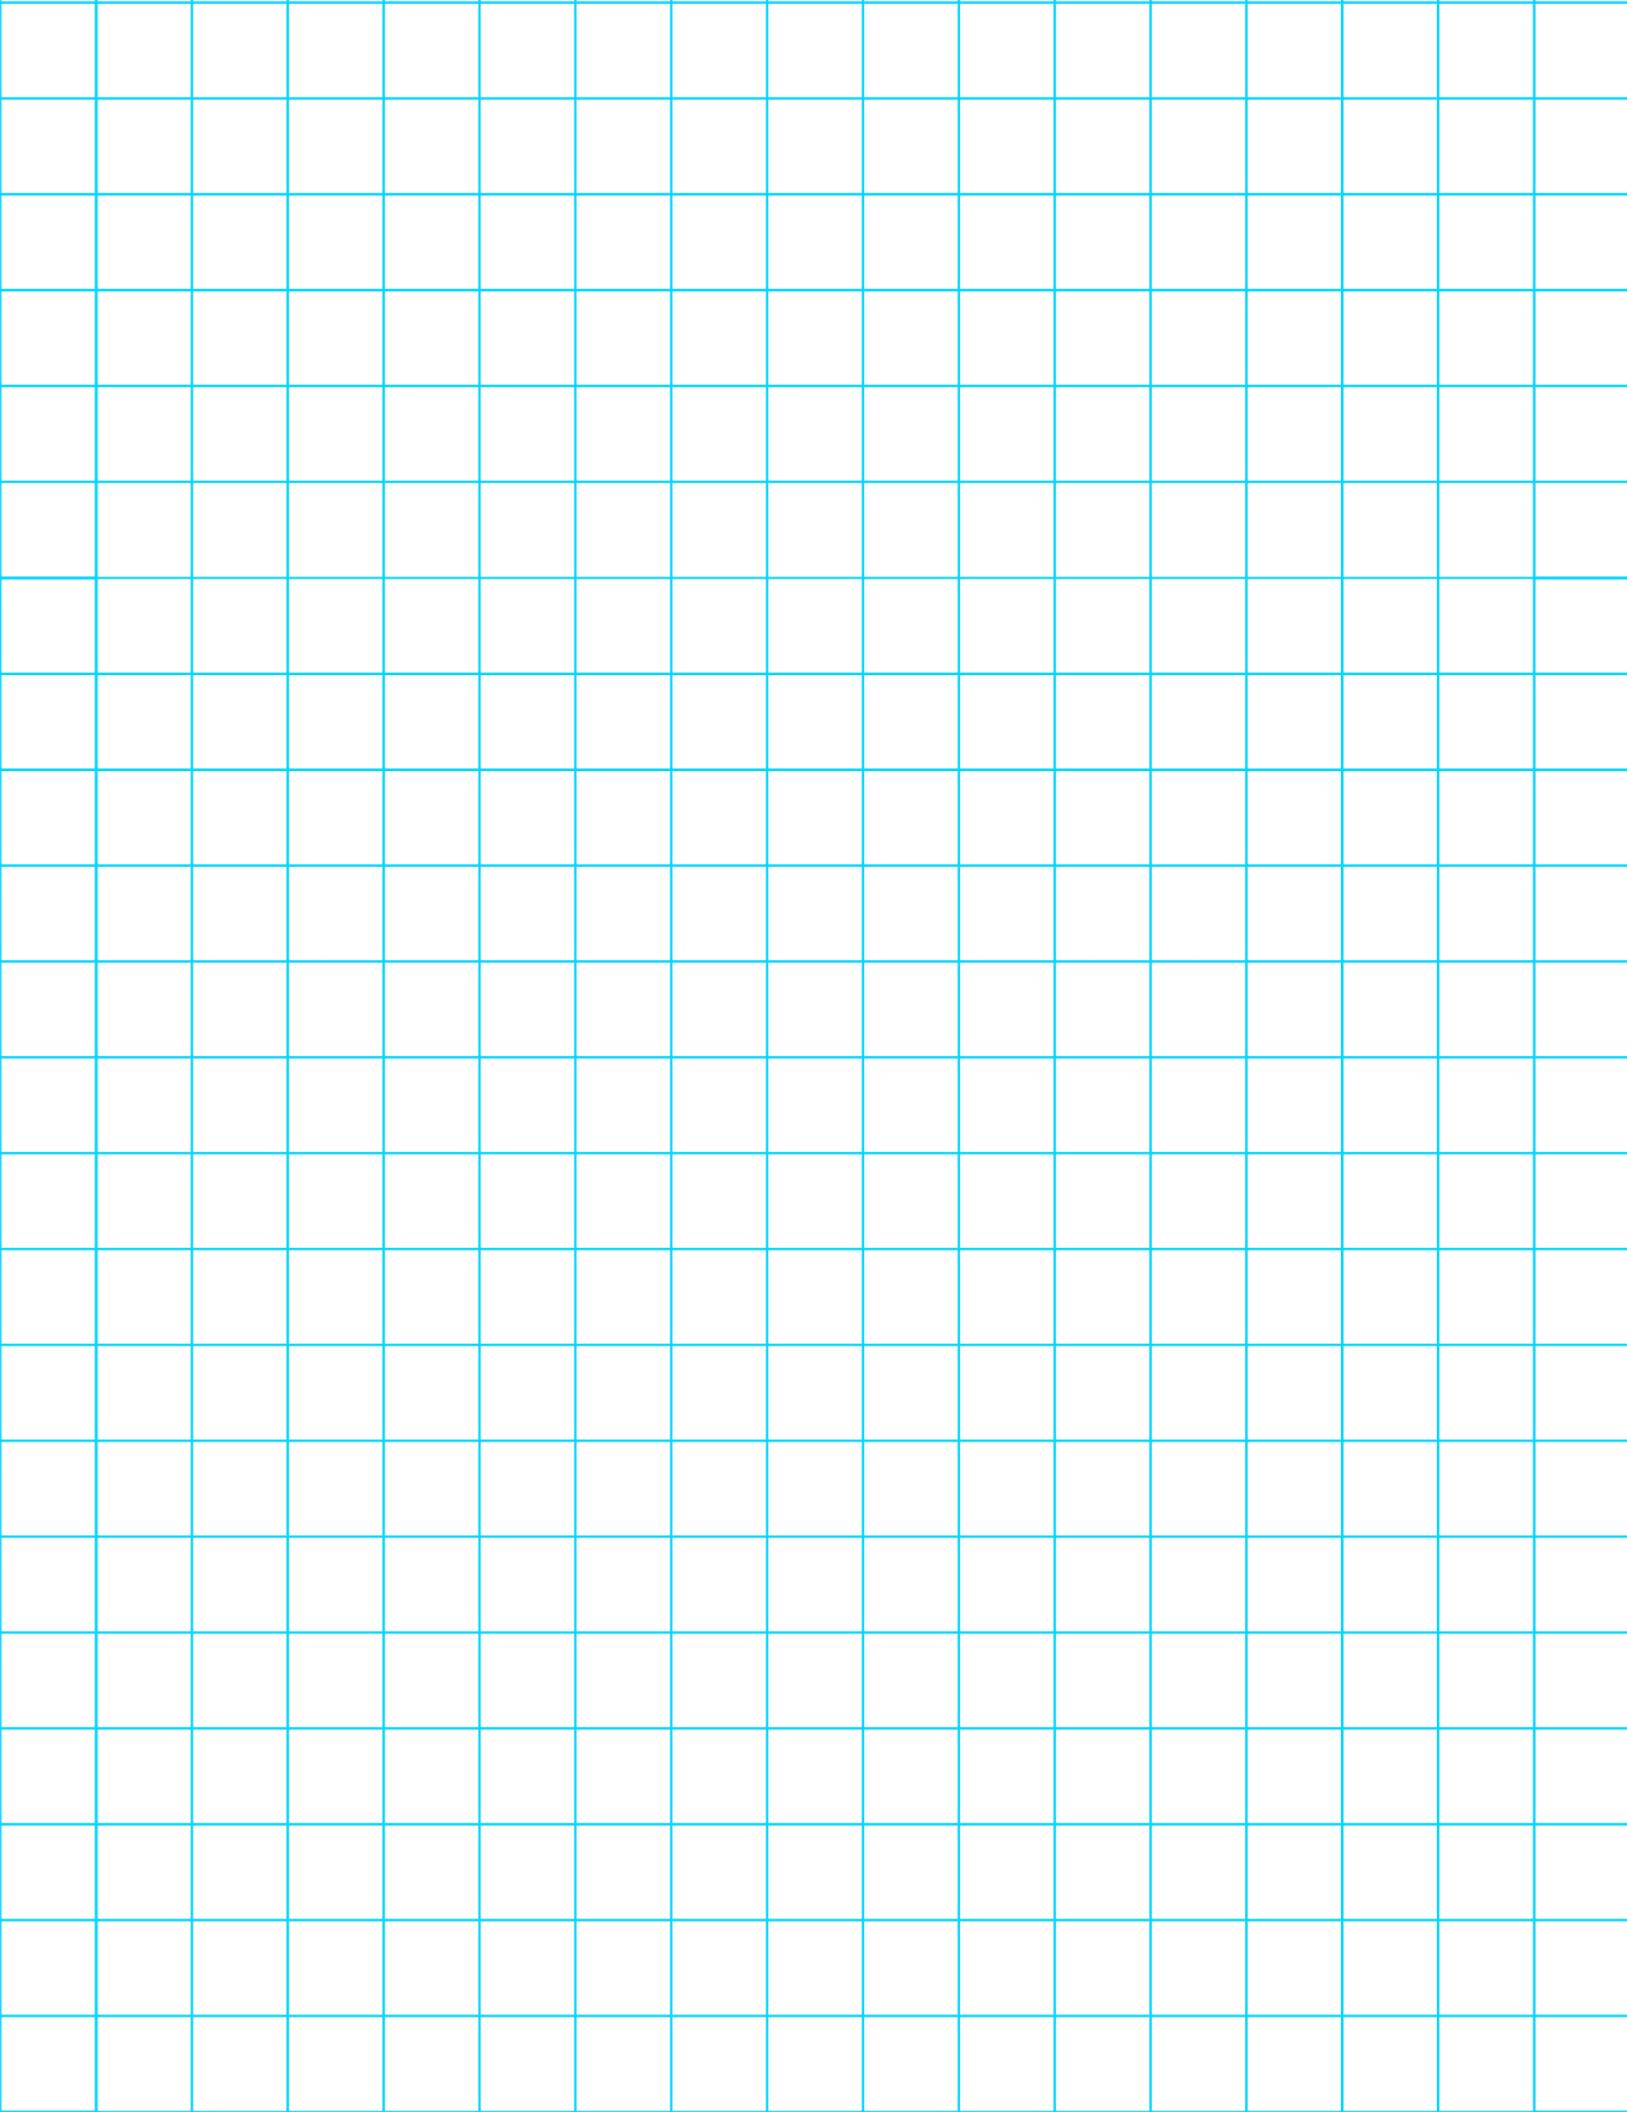

Place a strip of
packing tape on
collage.

Pull it away.

Use that tape to
start new collage.

Remove
a corner of
your collage.

Take a finished
collage and sand
away an element
with sandpaper.

Draw a shape
on the back of
a collage.

Draw a grid in that
shape.

Puncture holes at
the intersecting
points.

Rip a corner off of
your collage.

Start a new
collage with it.

Use a piece
of this card in
your collage.

Draw a circle on
the back of
a collage.

Cut it out.

Use circle to start
new collage.

Cut collage
in half down
the middle.

Switch their sides.

Tape them
together.

Instructions 3 Card Version

Cut out all cards then assemble
into a deck, shuffle then place
deck face down.

Take the next 10 minutes
to make a collage.

Once time is up, draw 3 cards
and follow their instructions to
complete or start a new collage.

You can skip cards but must use
a total of 3 at a time.

Fold base paper
as many times
as you want.

Unfold until
flat again.

Start collage.

Cut collage
in half.

Glue one of the
halves to a blank
page.

Use the other
half to start a
new collage.
